Dear Imaginary Life,

I want to thank you for the vivid dreams the endless possibilities and the escape you provide. In you I have found a world where anything is possible where my dreams take shape without limits. You are a place where my thoughts and desires come to life offering solace and adventure in equal measure.

Thank you for allowing me to imagine different paths to explore what could be and to find freedom in creativity. You give me the space to be anyone to go anywhere and to do anything without fear and without boundaries.

Though you may be imaginary the joy and hope you inspire are very real. I am grateful for the peace and excitement you bring to my mind offering me a place to dream and grow.

“Imaginary life is where dreams take flight, and possibilities are endless.”

With gratitude,
Shalo
